FES's Purpose & Goals

FES was founded in 2011 by Renée DeLuca Dolan. After she began her agency over 20 years ago, Renée discovered there were no events or groups that specifically met the needs of female entrepreneurs interested in learning new skills that they could quickly apply to their own businesses.

Renée was inspired to find a way to give female business owners mutually beneficial connections with other entrepreneurs. From this idea came an event now stronger than ever in its eighth year. We're looking forward to making this year's Female Entrepreneur Summit the largest gathering of female entrepreneurs in our region.

Content

Dynamic speakers, personal testimonials, relevant educational sessions, highly engaged sponsor showcase, multiple networking opportunities.

Date | Time | Location

October 23, 2019 at 8:00am-4:30pm
Cleveland, Ohio - Venue TBD

Attendees

Over 300 affluent attendees primarily ranging in age from 20-65+ and 40 vendor tables are expected again this year.

70% of the attendees are female entrepreneurs in the start up or scale up space and the remainder represent companies, organizations and individuals that support them.
